

REMARKS

As may be noted from the attached page 1820 of Webster's New International Dictionary, Second Edition (unabridged), the first occurrence of the term "perimetric" is applicable.

The amendment to the paragraph on page 3 is being made to correct a typographical error.

Applicant notes with appreciation the indication that claims 24 – 26 and claims 11-13 are allowed, the other claims in the application being canceled by this amendment.

The claims now present in the application are believed to be in condition for allowance and an early notice to that effect is respectfully requested.

Respectfully submitted,
